

A delight to apply for this job role. Having an effective 5 years and 4 months of experience in Android Native Development. Also Certified by Google on Associate Android Developer Program.

Many challenges in Native Development for ex. Video's Manipulation (like apply a filter, trim, add audio etc), Images Merging to form Video (like Story), KIOS enabled App, D-BUS (RPC Mechanism) like so.

Apart from Android native development, had a chance to free hands-on other technologies like python, flask mini framework, ReactJS, React Native, NodeJS.

I've attached a copy of my resume that details my projects and experience in Software Engineering.

Can connect to me anytime @+91-8989 9795 11 or via email: angad.tiwari@hotmail.com also, view my portfolio site at <https://angtwr31.github.io>

Thanks for taking your time. Looking forward to discussing further.
